**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I chose Sonic because they are a net neutrality service provider. I think it is very important that there are multiple players in the market to keep service offerings high and pricing competitive. To lock out choice to 1 or two players in a given market is not a choice at all. It becomes a monopoly, or a non-competitive oligopoly. I depend on internet service but pricing is always an issue. It is important to have choice whenever possible. In this case, unlike water service, choice is entirely possible and should be supported. Winners and losers should not be dictated by the FCC
